

Scheme Management

The Scheme is managed by an experienced, professional team of highly qualified and committed people whose role is to:

- Recruit, register and provide on-going training opportunities for educators in accordance with the Education and Care Services National Law and National Regulations, The National Quality Standards and Scheme policies
- Monitor and support educators with regular visits
- Assist parents with their child care requirements
- Maintain a waiting list for children who require care within the scheme
- Liaise with relevant professional organisations
- Keep abreast of current practice and directions in child care
- Administer government fee subsidies and meet other state and federal legislative and reporting requirements.

Welcome to Clarence Family Day Care Scheme

Our service is sponsored by Clarence City Council and has educators throughout southern Tasmania including the Clarence, Brighton, Glenorchy, Hobart and Sorell municipalities. The scheme is community based and is an approved service under the Education and Care Services National Law and meets the operational requirements of the National Regulations and Quality Standards.

Our vision is to deliver quality home-based child care that provides flexible responses in meeting the individual needs of children and their families.

What is Family Day Care?

Family Day Care is a quality child care service that offers professional and flexible care in small groups for children up to 13 years of age within the private homes of registered educators.

The emphasis is on a family environment that is welcoming, supportive and safe and which provides opportunities and experiences for children to learn, discover and grow.

Many educators attend playgroups and participate in activities with other educators so that children can socialise in larger group settings.

Child Care Subsidy is available through the Commonwealth Government.

Who is a Family Day Care educator?

Every educator is different, each providing a unique and stimulating environment to nurture the development of children in their care.

All educators and their homes must meet the requirements of the Education and Care Services National Law, National Regulations and the National Quality Standard.

Educators must have current first aid, EAM, anaphylaxis, CPR and a Working With Vulnerable People card and have or are working towards child care qualifications.

Educators are self employed and may be flexible in their working days.
