Parent's Signature	Date

ADMINISTRATION OF MEDICATION *to be completed by Educator and signed by parent in acknowledgment when collecting their child

Full name of child _____ Date of Birth _____

Name of medication	Medication label consistent with parent's authorisation yes/no	Date dosage administered	Time dosage administered	Dosage administered	Name and signature of person measuring and administering medication	Name and signature of witness to measurement and administration	Method of administration & comments	Signature of parent/person collecting child, acknowledging that they have seen the medication record

Medication will only be administered if it is in the original container with the original label and instructions that can be clearly read and before the expiry or use by date.

(Education and Care Services National Regulations Regulation 95)

- The label must contain the child's name
- Parents must provide any verbal or written instructions provided by the medical practitioner.
- Any prescribed medication, including non-prescription medication e.g. antihistamines, must be authorised by a Parent/Guardian on our "Authorisation and Administration of Medication" form - This is obtained from our website www.ccc-children.com.au

If a Child is diagnosed with asthma or anaphylaxis and an emergency occurs, the Nominated Supervisor or other educators may administer emergency first aid without making contact. Educators will notify the child's parents and/or emergency services as soon as possible.

(Education and Care Services National Regulations - Regulation 94)
