## **EXCURSIONS CONSENT FORM**

Under the Education and Care Services National Regulations, written authorisation must be given by a parent or guardian to permit their child/children to participate in excursions.

A regular excursion is defined as one which the educator does regularly as part of her educational program and where the circumstances relevant to the risk assessment are substantially the same on each outing. The authorisation is valid for 12 months unless the educator makes changes to the excursion and/or management plan. If this occurs, then parents are required to consent to the changes in writing.

Each non-routine excursion will require a separate risk management plan and permission form.
